

Corporations Are Not Governments! (Part 1)

During the 1990s, alert financial analysts working for the Department of Defense discovered an odd thing. Numbers weren't adding up. A vast amount of public money was being embezzled. As the members of what came to be known as "**The Paradigm Project**" dug deeper, something even more astonishing appeared. Almost all of the governments on Earth were being run as private, for-profit governmental services corporations chartered under the auspices of the UNITED STATES, INC.

All these franchises named things like: FRANCE, ITALY, UNITED KINGDOM, AUSTRALIA, GERMANY, JAPAN, etc., were in turn being controlled by the UNITED STATES, INC. municipal government, an oligarchy run by members of Congress and originally limited to the "plenary" governance of the Washington, DC Municipality.

So first shock -- almost all the governments on Earth aren't governments. They are merely for-profit corporations in the business of providing government services.

Second shock -- these governmental services corporations are operated as franchises of the UNITED STATES, INC.

Third shock -- the US Congress has been running all these governmental services corporations as if they were franchises owned and operated by the Washington DC Municipality, and under their "plenary" control as an oligarchy. (See Part 2 brochure: "Why Do You Need to Correct Your Political Status?")

What Does "Political Status" Mean?

ClaimYourInheritance.info

What Does “Political Status” Mean?

Political status is determined by virtue of your consent to be governed by a specific body politic—a group of people with laws and customs.

The two types of governing body politics in America are the sovereign, unincorporated American government and the foreign, incorporated subcontractors of the British Monarchy d.b.a. the United States of America (USA), Inc. and the Roman Papacy d.b.a. the UNITED STATES, INC. who provide America with essential governmental services.

5 POLITICAL STATUSES

1. United States National
2. U.S. Citizen
3. MUNICIPAL CITIZEN
4. American State National
5. American State Citizen

The American government operates under The Unanimous Declaration of Independence of 1776. The foreign United States government operates under two (2) service contracts, The Constitution of the United States of America (British Territorial Contract) and The Constitution of the United States (Papist Municipal Contract). These contracts were made with the American Federation of States d.b.a. The United States of America, unincorporated, in 1789 and 1790, respectively. They delegate limited powers to these subcontractors authorizing them to perform the essential governmental services enumerated in their respective contracts.

Your Political Status Can Be as a National or as a Citizen

Nationality is inherited as a birthright. It happens automatically the day you are born. In America, we inherit our nationality from our State. We are New Yorkers, Wisconsinites, Californians, and so on. Thus, our natural birthright political status is an American State National.

American State Nationals can become Citizens either by contract or by serving in a public office for our American Government. Both are voluntary.

Definitions for Citizen include employee, officer, subject, slave and indentured servant.

America is NOT the United States, INC.

America is comprised of 50 sovereign, republican States referred to as the several States of the Union d.b.a. “The United States,” unincorporated (1776).

The Territorial United States is comprised of 57 incorporated inchoate states: 50 “State of” States (State of New Jersey, State of Ohio, State of Wisconsin, etc.) AND 7 Insular States (District of Columbia, Puerto Rico, Guam, Virgin Islands, Northern Marianna Islands, American Samoa, and Wake Island); plus numerous, incorporated British Territorial governmental services franchises: United States Congress, Internal Revenue Service, Department of Defense, etc.

The MUNICIPAL UNITED STATES is comprised of approximately 10,000 INCORPORATED franchises operating as Municipal Oligarchies: “STATE OF ...,” “COUNTY OF ...,” “TOWNSHIP OF ...,” “CITY OF ...,” “BOROUGH OF ...,” “VILLAGE OF ...,” “UNITED STATES CONGRESS,” “UNITED STATES DISTRICT COURT,” “IRS,” “DOD,” etc.

Each Political Status Comes with Inherent Rights

Natural and Unalienable Rights of American State Nationals/Citizens are given to us, in the words of Thomas Jefferson, by “Nature and Nature's God.” Nobody gave us the “right” to walk, talk, think, move from place to place, or exercise our will. We cannot divest ourselves of these rights and the responsibilities that go with them.

Civil Rights are granted by Congress in the Civil Rights Act of 1866, then upgraded by Congressional legislation in 1968 to “equal” civil rights. This made them equal to the unalienable rights of American State Nationals/Citizens. Civil rights are not---strictly speaking--- rights, but are instead privileges conferred on Territorial and Municipal citizens by the US Congress.

The Universal Declaration of Human Rights enacted by the United Nations in 1946 grants rights to “hue-mans.” In law, that’s not a man or woman, but a “color of man” meaning a kind of person that’s created – a mask of man. They’re declaring the rights of all these “humans/persons” that are being created and attached to you for commercial purposes. Human “rights” are the privileges granted to United States Nationals and those who accept the status of “hue-man.” Any Citizen or National may choose to lay aside their inherent rights for “human rights.”

Corporations Are Not Governments! (Part 2)

Now, stripping the onion another layer, the **Paradigm Project** discovered that not only had nearly all the traditional governments on earth been reduced to mere governmental services corporations owned and operated by the UNITED STATES, INC., but the states and people being served by these new corporations had been similarly unlawfully converted into corporate franchises. For example, Wisconsin had been reduced to a State of Wisconsin and then to a STATE OF WISCONSIN belonging to the UNITED STATES, INC.

Fourth Shock: your entire earthly ESTATE is up for grabs as chattel backing the debts of the UNITED STATES, a for-profit governmental services corporation operated under the authority of the Washington DC Municipal Government run by the members of Congress.

Fifth Shock: you don't know anything about this, because if you did, you would naturally object and that would spoil all their plans to steal your portion of everything and hand it over to their Secondary Creditors.

You are the Paramount Security Interest Holder in your name and estate. You are the Priority Creditor of the UNITED STATES and all its franchises, but they have purposefully misidentified you as a "missing person" and "ward" dependent on the UNITED STATES, so as to lay claim to your property as collateral backing their own debts.

Sixth Shock: corporations cannot and do not function as sovereign governments. If you are not operating your lawful unincorporated government, you have no government and no "state" to speak for you or save your bacon in international jurisdiction.

From all the foregoing, it is apparent that after the Second World War, the world governments colluded and/or were forced into agreements to operate in this fashion. It is also obvious that most of the people on Earth are in fact "stateless" until and unless they act to restore their own lawful government on the land jurisdiction, most of which have been inactive since the 1930's. (See Part 1 Brochure: What Does "Political Status" Mean?)

Why Do You Need to Correct Your Political Status?

ClaimYourInheritance.info

U.S. Citizen/ United States Citizen

An employee of the British Territorial U.S. government and their dependents; people born in Guam, Puerto Rico or the U.S. Virgin Islands; and enfranchised humans/persons named after you on the first "Birth Certificate" (long form).

These U.S. Citizens can only reside (as in "resident") in the States on a temporary basis per the Residence Act. They are a foreign British Territorial Citizen historically referred to as a Tory. They need to register as a Foreign Agent under the FARA Act. U.S. Citizens cannot own land in America. They merely own a "title" to the land and have to pay taxes on the land. They are not owed any protections under the Constitutions. They are subject to the Constitutions when on the land and soil of the States— (*that's why it's called "The Law of the Land"*)— meaning that they have to obey and respect the Constitutional Guarantees owed to American State Nationals and American State Citizens, but they have no such protections themselves. All U.S. Citizens have the status of "indentured servants."

- Federal employees and their dependents
- U.S. Military (active, reserve and discharged)
- British Territorial U.S. Citizen named on the first registered, long form "Birth Certificate"
- Licensed Medical Personnel
- BAR Attorneys

United States National

All U.S. Citizens are United States Nationals; also, those born on American Samoa and Swains Island; or any other legal entity which is organized under the laws of the United States, or of any State, the District of Columbia, or any commonwealth, territory, or possession of the United States, and which has its principal place of business in the United States. Strictly for Passport purposes, American State Nationals are regarded as United States Nationals because we are born on American soil and are not U.S. Citizens.

American State National or American State Citizen

In 1776, the Sovereign Head of State for The United States of America, unincorporated, William Belcher, conferred the status of "sovereign in your own right" upon every man and woman who were, and who will be, born on American soil. This birthright as a Sovereign is our natural political status referred to as an American State National.

American State Nationals hold Sole Survivorship interest in all the Estates, Trusts, and Legacies of this country. In relationship to the U.S. government corporations and their franchises, we are Foreign Sovereigns under FSIA outside of their jurisdiction being free men and women who are owed the Constitutional Guarantees and the Law of Peace.

As sovereigns, American State Nationals have no duty or obligation to serve any government, although we can choose to lay aside our sovereignty temporarily to serve as an officer in our American government as an American State Citizen. We can also choose to contract to be a foreign U.S. or MUNICIPAL Citizen holding a dual status for a specified timeframe and return back to our natural birthright political status, exclusively.

Reclaim Your Birthright Inheritance

International Public Notice

Immediately following birth, every man and woman's natural birthright status is converted to a foreign citizen status, first to a U. S. Citizen and later to a MUNICIPAL CITIZEN, unwittingly and unknowingly, when your parents registered your birth. You are issued two birth certificates as confirmation of your new contracted citizenship statuses and the forfeiture of your American State National birthright status. To return back to your birthright political status, the public record must be corrected by recording and publishing a Declaration of Political Status and a Declaration of Naturalization to attest that you are changing your status back.

MUNICIPAL CITIZEN/ citizen of the United States

A federal civil service employee or officer of the Papist Municipal Corporation in Washington, D.C. or its franchises, agencies or subcontractors and their dependents; people born in the District of Columbia; and any franchise corporation created by Congress via the 14th Amendment citizen status that is named after you on the second "BIRTH CERTIFICATE" (short form).

Approximately seven years after the first (long form) birth certificate is issued, the enfranchised human/person (British Territorial U.S. Citizen) named on it is declared dead and a second (short form) "BIRTH CERTIFICATE" is registered under a similar name in all caps as a MUNICIPAL CITIZEN/citizen of the United States. All MUNICIPAL CITIZENS (US citizens) have the status of "slave" and serve as public chattel property.

- Employees of municipal federal, state and local governmental services agencies and services providers and their dependents
- Post Office employees
- MUNICIPAL CITIZEN franchise created by Congress that is named on the second registered, short form "BIRTH CERTIFICATE"
