

now let's look at all of this together and silently invoke the "four corners rule", or enclosure principle, showing the lawful/legal components and the volition of those who made this possible

## a Government with 3 branches

Federal = Employee  
Executive  
Legislative  
Judicial  
 at WAR since 1860

American = Employer  
Federal  
Territorial  
Municipal  
 at peace since 1812

American civil peace flag

American military flag

1776 Sovereign and Employer

American government seat of power is located in Philadelphia, Pennsylvania

in place during revolutionary war

sub-contractor since 1790

Federal government capital is located in WASHINGTON, DC

implementation of treaties to end the revolutionary war

hide their dirty work behind the American military flag

run by Holy Roman Empire

British affiliated

rendered inoperable in 1861

wanted to buy slave's freedom and said no to the mercenary conflict called the CIVIL WAR
