Created by the agreement known as "The Unanimous Declaration of Independence of the united States of America", 04 July 1776, these <u>unincorporated</u> "states" were the original geographically defined "estates" formed by the United Colonies. They are guaranteed a "republican form of government". Together, they formed — a Union, a Federation, and a Confederation:

The take-home message to you as an American is that you are most likely in the right church, but in the wrong pew. You have, most likely, been mis-identified as a Federal Citizen and not counted as an State National or State Citizen. Federal Citizenship is created by the Constitution(s) and therefore, Federal Citizens are not Parties to the Constitutions and have no constitutional guarantees — only "Equal Civil Rights" that can be suspended. If you want to claim your "Natural and Unalienable" rights and property, you have to **declare and record** your political status as an American State National or American State Citizen (that is, a Member of your State Assembly) and you **cannot act as any kind of Federal United States Citizen at the same time** as you participale in your **State Assembly**. The additional message is that a large portion of your government has been "missing in action" and awaiting "Reconstruction" since the Civil War. This work can only be accomplished by properly organized State Assemblies populated by American State Citizens. Go to The American States Assemblies (TASA) website: **tasa.AmericanStateNationals.org** Reclaim your birthright and come back home "with standing" on the land and soil of America once again!
